Richardson Apartment House  
Salisbury  
Private

1912

One of the most architecturally creative buildings on the east side of Salisbury is the Richardson apartment house, a three-story Flemish bond brick structure of unconventional design and construction. Dated to 1912 by a marble datestone set at the third floor level, the apartment block was built with a wide array of decorative brickwork. The principal street elevations are laid in Flemish bond with headers executed in a reddish brown glaze that contrasts with the lighter colored stretchers. The overall checkerboard pattern in Flemish bond is enriched with an overlay of a bold diaper pattern executed in a contrasting grayish-white colored brick. Further enhancing the main elevations are a combination of double tiered jack arches as well as several round windows bordered by the grayish-white colored brick. The multi-sided, three-story apartment block is capped by a heavy metal cornice along the principal street elevations.

The marble datestone not only documents the building's year of construction, but it states that Lloyd A. and Lorah A. Richardson were the architects and builders. A short notice in The Wicomico News on April 25, 1912 announced,

*On the corner of East Church and Isabella Streets Mr. Lloyd Richardson is building a three story and basement structure that will contain a storeroom in the centre (sic) with apartments for families on each side and above the storeroom. The front is being constructed of mottled brick, and will present an attractive appearance.*

During April 1912, Lloyd A. and Lorah A. Richardson were joined with Dean W. and Arnold S. Richardson, as tenants in common, in the purchase of the corner lot bound by

East Isabella and East Church streets. The Richardson family maintained ownership of this distinctive structure until the early 1970s.

Prepare both a one paragraph summary and a comprehensive description of the resource and its various elements as it exists today.

The Richardson Apartment House stands at 500 East Isabella Street at the intersection of East Isabella and East Church streets on the east side of Salisbury, Wicomico County, Maryland. The three-story brick apartment house faces north.

Built in 1912, the three-story, blockish brick apartment house is supported on a fully excavated foundation, and the Flemish and common bond brick walls rise to a low shed roof that slopes from front to back for water drainage. The building is an unusual, multi-sided structure built to conform to the corner location. A center, five-sided section housed a store on the first floor and rental apartments above. Flanking the center block are wings recessed back from the front wall and infilled originally with single-story shed roofed porches. The flanking wings are five-sided structures with a multi-storied porch on the rear elevation.

The north wall of the center block is defined on the first floor by a center double-door entrance with partially glazed doors behind a center brick pier. The walls to each side are laid in Flemish bond with the headers executed in a reddish brown color brick. Overlaying the checkerboard pattern is an diaper brick pattern in lighter grayish white brick. The single-pane sash windows are topped by an unconventional double jack-arch design in grayish white brick. Fixed in the third story floor level of the main façade is a marble datestone inscribed, "Lloyd A. and Lorah A. Richardson, Architect & Builder, 1912." The top of the main block is capped with a heavy metal cornice.

The east side of the apartment block is four bays across with single-pane sash windows topped by triple course segmental arches. Two rowlocks and a header course comprise the segmental arch. Four two-pane window openings spanned by segmental arches light the cellar. The six-course common bond brick wall rises to a stepped parapet wall covered with a terra cotta cap.

The southwest wall is laid in Flemish bond with four bays marked by single-pane sash windows spanned by segmental jack arches. A modern wood deck stretches across the back of the building and allows access to rear entrances.

The interior was not seen.

The Democratic City Primaries  
passed off quietly Monday after-

polled. The afternoon was rainy  
and disagreeable, but 582 persons  
went to the polls to register their  
choice for Mayor and City Council-  
men. On Saturday the various can-  
didates met together and signed an  
agreement to abide by the result  
of the primaries and support the  
nominees. The primary ticket  
contained the names of all the  
candidates for Mayor and City  
Council, arranged alphabetically on  
the ballot, and perfect harmony and  
fair play existed throughout the con-  
test. The polls were kept open  
from one to eight o'clock, so as to  
give all an opportunity to vote and  
have a full and free expression of  
their choice of candidates.

Congressman J. Harry Covington  
will have no opposition in the Pri-  
maries to be held in May and as  
the Republicans failed to file the  
name of a candidate in the Primar-  
ies the Congressman will have a  
walk-over in the general election  
and is assured of his nomination  
and election without opposition. This  
is a great compliment to Con-  
gressman Covington and shows that  
his record has been such a good  
one in Congress that the Republi-  
cans saw it was a hopeless task to  
try and defeat him and therefore  
they failed to put up a candidate  
against him.

At the Primaries to be held in

the names of the candidates for  
President in the following order:

Reported For The News.

The Wicomico County Grange  
met at Powellville on Thursday  
April 18th, with Worthy Mas-  
Theodore S. Hearn presiding. De-  
legates from all the Granges in  
county, except one, were present.  
A most cordial welcome was accorded  
all the delegates by the local  
Grange and its friends. Powell-  
ville will long be remembered  
all a most pleasant place to meet.

The session on Thursday morn-  
ing was secret and was devoted  
to the transaction of routine busi-  
ness of the order. At 12:30  
sumptuous dinner was served.

The afternoon session was held  
in St. John's Church because  
it was more comfortable and had  
greater seating capacity. It looked  
like a ladies meeting being ad-  
dressed by ladies and the ladies  
the audience outnumbered the gen-  
tlemen, but the ladies from Col-  
lege Park had the attention of all  
from 2 o'clock till 4. Mrs. Patter-

was first speaker and had a variety

Kennerly, two years ago at the general election. The city election will be held Tuesday, May 7. The primaries were conducted to the satisfaction of all the candidates and unless the Republicans place a ticket in the field it is not likely there will be any fight at the election in May.

The City Executive Committee was re-elected at the primaries consisting of Messrs. J. Cleveland White, E. E. Twilley, Charles E. Harper, Thomas Perry and G. E. Mitchell.

## BIG BENEFIT FOR WIDOWS

**Green And Brewington Will Give Benefit For Boiler Explosion Sufferers.**

Green and Brewington proprietors of the Auditorium will give a big benefit Friday night of this week for the families of the late Irving Kennerly and Mr. Savage, who were killed in the recent boiler explosion near this city. The proprietors of the Auditorium propose to have one of the best vaudeville obtainable and some extra fine pictures for Friday night. The price of admission will be 10 cents for this night only, and the entire proceeds will be divided between the widows and children of the two families.

The death of these two bread-winners was a great loss to their respective families and the widow of each man is left with many small children to support and with very little of this world's goods to assist them. It is therefore very kind and considerate for Messrs. Green and Brewington to donate the proceeds of Friday night's performance to this very worthy charity and it is hoped that the people of the city will patronize the show liberally. Those who wish to give more than ten cents to this charity fund can leave a larger contribution at the box window all of which will be turned over to the two families.

Don't forget the date Friday night, April 26th. Be liberal and leave a substantial gift at the box window to aid the widows in their hard struggle for existence. It's

rebuilding of the ice plant on Water Street which was recently wrecked by an explosion. The engine boiler and fuel rooms are being constructed of brick. This work is in charge of W. F. Bounds, who is rushing it with a large force of men. It is expected to have the plant in operation by June 1.

At the ice plant of the Sellingbury Ice Company a force of 25 carpenters under contractor D. E. Parker, is rushing work on three mammoth storage houses. A portion of each of the three houses will be equipped for cold storage. Electric motors will be used for hoisting the elevators which will convey the ice from the plant to the storage houses.

In addition to the building operations, property-owners are busy laying cement sidewalks painting of houses and brightening up things generally.

### New Monument To Judge Holland.

John T. Ellis and Son, the well-known marble cutters of this city have just erected a beautiful and imposing monument to Judge Holland in Parsons Cemetery. The monument is of Westerly granite and weighs 17,000 pounds. The base and top is finished in the natural granite and the center is polished. Across the center is the name "Holland" beautifully carved and on the base are cut the words "Judge of the First Judicial Circuit of Maryland". A marker giving the dates of his birth and death is placed at the grave. The lot will be enclosed with a granite coping. The whole effect is stately and imposing.

Another handsome tomb is the one placed at the grave of the late Noah H. Rider in the Jackson plot. This magnificent piece of work was erected by Tiffany of New York and is one of the most imposing and beautiful tombs in the cemetery.

Thomas J. Truitt, the marble dealer has finished erecting a very handsome monument of Westerly Granite to the memory of the late Allen C. Brewington a former resident of this city who died in Brooklyn, last year. This monument is imposing in appearance and handsome in design.

The Republican ballot will be more complicated, but will be easy to vote. It will contain the names of the two candidates for President and the names of two sets of Delegates to the State Convention as follows:

Theodore Roosevelt  
William H. Taft.  
For Uninstructed Delegation.  
Delegates to the State Convention.  
E. Dale Adkins.  
Joseph P. Cooper.  
Robert D. Grier.  
Marion A. Humphreys.  
William H. Knowles.  
Benjamin W. Parker.  
E. A. Richardson.  
George W. Truitt.

The arrangement of the ballots provides that the names shall be printed alphabetically as to surname. It will be seen that the two contesting delegations on the Republican ballot are therefore much mixed and but for the fact that the party workers are allowed to mark up the ballots on the outside and give the voters, it is likely that the colored brother would be very much worried on primary day to select the proper three out of the list, but the ballots will be marked outside and placed in the hands of the voters and all the voter has to do is to put the marked ballot in the official envelope, seal it up and hand to the Election Judges.

On entering the booth to vote on the day of the primaries each voter will be required to give his party affiliation, that it can be registered on the books for use in future primaries. There will be one day of Registration before the primaries the day being Wednesday, May 1st.

### Preparing For The Fair.

Already the directors of the Wisconsin Fair Association are preparing for the coming Fair. An unusual demand for the privileges of the Fair has developed early in the season, Secretary White having already received applications for a number of the important ones. He has been in touch with a number of the most prominent amusement agencies of the country and expects to have the finest line of special attractions ever shown at the Wisconsin Fair.

On the West side of Railroad Ave. Frank Bonnevillie is remodeling his frame structure for use as a hotel. Another story will be added, making it a three story building.

On Isabella St. Extended Leon Messick is erecting two brick dwellings which will contain six to eight rooms each. These will have modern conveniences.

Work has been started on the rebuilding of the ice plant on Water Street which was recently wrecked by an explosion. The engine boiler and fuel rooms are being constructed of brick. This work is in charge of W. F. Bounds, who is pushing it with a large force.

## NO OPPOSITION TO COVINGTON

Democratic Congressman Will Not Be Opposed.

REPUBLICANS FAILED TO FILE A LIST.

At The Primaries On May Sixth The Democratic Ballots Will Contain Only The Names Of Candidates For President—Republican Tickets Will Have Contesting Set Of Delegates Printed On Them.

Congressman J. Harry Covington will have no opposition in the Primaries to be held in May and as the Republicans failed to file the name of a candidate in the Primaries the Congressman will have a walk-over in the general election and is assured of his nomination and election without opposition. This is a great compliment to Congressman Covington and shows that his record has been such a good one in Congress that the Republicans saw it was a hopeless task to try and defeat him and therefore they failed to put up a candidate against him.

At the Primaries to be held in the County on May Sixth the Democratic ballots will contain only the names of the candidates for President in the following order:

- Camp Clark.
- Judson Harmon.
- Woodrow Wilson.
- For Uninstructed Delegation.

As there was no contesting delegations filed for the State Convention these names are all which will have to appear on the official ballot. Voters can mark for either of the above candidates or for an uninstructed delegation as they please, but cannot vote for a Presidential candidate and for an uninstructed delegation both as it will invalidate the ballot.

The Republican ballot will be more complicated, but will be easy to vote. It will contain the names of the two candidates for President and the names of two sets of Delegates to the State Convention as follows:
